

MEET THE TEACHER!

CLASS 6

my favourite colour

Hello!

I am Mr Mclean, and I am looking forward to being your teacher again in the next school year! I'm so excited to continue working with you as you move into your final year of primary school.

I joined OLSB in January 2025 but have worked in the BCWCAT Trust for many years now. I have taught Years 6, 5, 4, 3 and 2. I really enjoy teaching in Key stage 2 because you start to really show off your amazing personalities and skills!

I came to OLSB because I was told about how amazing the children were but also the fantastic family of staff and I know just how much everybody wants to make this school the best it possibly can be. I want to help you all become the very best versions of yourselves!

I was born in Bradford and attended one of the primary schools that is now in our Trust. Afterwards I went to St. Bede's and St. Joseph's Catholic College. I spent 4 years at Leeds Beckett University where I earned a degree in Primary Education. I love teaching all subjects, but my favourite lessons to teach are Maths and History.

On the weekends I take part in my local Parkrun because I love participating in sports. I support Manchester City and attend all their home matches. Several years ago, I made the decision to travel around the world for a year. I visited lots of new countries including Asia, Australia, Hong Kong and New Zealand. During this time, I trained to become a Scuba Diver and have a license to scuba dive anywhere in the world. I even jumped out of a plane 16,500 feet high!

I am so excited to see you all again and to hear about all the fantastic things you have got up to during the summer holidays. I look forward to seeing you all again in September!

Mr Mclean
